

TECHNICAL SHEET – BE007

Diameter (mm)	Height (m)	Thickness bollard (mm)	Weight (kg)
100	1.13 (0.93+0.2)	10	3.4

Weight (kg)

100 1.13 (0.93+0.2) 10 3.4

Made of: polyurethane

Colors: grey

Specifications:

- Flexible bollard with cylindrical head
- To be attached into the ground or in a box to embed sold as option
- Reflective tape class 2 as option
- Other colors minimum 50 pieces

Technical specifications:

- Shore: A98
- Traction resistance (Mpa):34
- Extension before break: 350%
- Tensile failure stress 100%/Mpa: 17
- Tensile failure stress 300%/Mpa: 23
- Breaking limit: 84
- Service temperature: -20/+70°C
